## RYARSH AWARD FOR EXCELLENCE

# Charlie N

## Leopard Class

I'm so pleased to be able to give out our Excellence Award for this term. Our winner has been chosen to recognise the excellent effort he is putting into school life across the board. Charlie has approached Year 5 with a determination to succeed and this is evident in his learning and his attitude.

Charlie has an aptitude for Maths and quickly grasps new topics. He enjoys being challenged and will persevere to get to the answer. He has been motivated to do his very best in his English learning too and the results are noticeable in his book. He has developed his use of vocabulary and carefully considers the effect of his word choices. He is working hard on his reading as well (thanks Mum!).

In addition, Charlie has shown himself to be thoughtful and helpful in the classroom. He will volunteer to do jobs for the adults in class and small gestures, like collecting enough resources for everyone on his table, count for a lot. All of the adults who attended our recent Swattenden trip noted Charlie's positive and supportive attitude on the activities as well as his good manners.

Your challenge now, Charlie, is to keep up this great work and attitude throughout the rest of this year and into Year 6—I know you can do it, so prove me right!
