

Ryarsh Primary School

RYARSH AWARD FOR EXCELLENCE

Samuel

Dolphin Class

It is a great pleasure to award Samuel with the Excellence Award this term.

Since starting school in September Samuel has made so much progress with his learning. He was quite a shy boy to begin with and found learning not as fun as playing! Samuel has really settled into school and has a thirst for learning.

Samuel has made huge improvements with all aspects of his learning, particularly his phonics and reading. He picks up any new sounds we are learning extremely quickly and impresses us often with his blending of words.

Not only has Samuel's reading improved but so has his writing. Samuel can hold his pencil properly and produce amazing cursive letters! He thoroughly enjoys writing, and although sometimes he finds it hard when writing a sentence he never gives up and keeps on trying. This ensures Samuel always succeeds in the end!

In Maths Samuel also applies his 'can do' attitude and has really excelled with learning numbers 1-20 and adding and subtracting.

He is such a pleasure to teach and always tries his hardest with each task.

But it is not just for his learning that Samuel has received this excellence award this term, but for his behaviour in school. He started school quite shy and has now made so many friends in Dolphin class. He is a kind friend to others and always shares and takes turns, he knows and understands the rules in the classroom and outside and always tries to do the right thing.

It is wonderful to see just how far you have come on Samuel and we hope to see many more great things from you before the end of Reception.

Signed - Miss Carden
