

Ryarsh Primary School

## RYARSH AWARD FOR EXCELLENCE

# George

## Leopard Class

Once again it's time to make that very tricky choice of an Excellence Award winner for Leopard Class. It's always hard to choose as the whole class are excellent at upholding the school values. However George stood out for me this time for many reasons.

Firstly, he has fantastic manners and that's why he is such a great member of our class. It's always so lovely to work with someone who unfailingly says "Excuse me please..." when they want to speak to you! He always asks politely if he needs anything and will thank adults for their help.

In addition, he has put a really good effort into his learning in Year 5. He has developed his independence—instead of saying "I don't get it", he will now have a good go at working things out for himself. He has worked well to move on in his tables learning and he reads with great understanding.

His written work reflects this effort, he is much quicker to get going and he puts personality into his creative work. He has written some lovely pieces recently including his Odysseus legend which had some great descriptive language.

George is a fabulous friend—I'm sure the rest of the class would agree. He is very kind and caring and will look out for anyone who is hurt or in trouble. He is always happy to help out and will support the younger children.

Keep up the great work and especially the beautiful manners George—I'm looking forward to seeing how much further you progress during Year5!
