

Ryarsh Primary School

RYARSH AWARD FOR EXCELLENCE

Kylah

Koala Class

It is with great pleasure that we award our excellence award for this term to Kylah as she has been on a truly amazing journey since joining us back in September.

We have watched Kylah grow and take much more pride in the work she produces during her lessons and this has led to the improved overall presentation of her work. She now recognises that mistakes are part of the learning process and has developed a thicker skin to learn from these.

Kylah's increased confidence and knowledge in Maths is making her even more determined to succeed. She will regularly choose the harder challenge tasks and this determination was most evident in our recent fraction work where she produced some brilliant independent work -so much so that her work was chosen to go on Mrs Austin's Golden Board!

Kylah's conduct around the school has continued to develop and we are now seeing a more responsible child who is taking a really thoughtful and considerate approach to the world around her. She has worked hard to develop better relationships with her peers and collaborates well with them during her learning time.

We are certain that she will continue to grow and carry on with this amazing journey and achieve more fantastic things. We are proud of you Kylah—you have really earned your new nick name of "Smiler" . We're sure the rest of Koala class are really proud of you too.

Signed - Mrs Crozier and Mr Childs
