

Ryarsh Primary School

## RYARSH AWARD FOR EXCELLENCE

# Maddie

## Leopard Class

This term's Excellence Award winner from Leopard Class is extremely modest so may well be a little embarrassed at receiving this. However we feel that she should be justly proud of her achievements and efforts which is why she has been selected as our winner. She is a valued member of our class group and demonstrates many of our school values including excellent manners and independence.

Maddie has put a fabulous effort into her learning so far in Year 5. She is always keen to make improvements to her work and is quick to recognise where things could be even better. For example, she felt that her handwriting could improve and has worked hard to do this. The effort she puts into her written English work is excellent with her legend based on Odysseus being one memorable example. She is conscientious in her approach to everything she does in class and demonstrated persistence and resilience in finally reaching 'Nearly at the Summit' in her tables!

Maddie is a kind and loyal friend who cares about her classmates and will offer help when needed. She is a great team player and will work co-operatively in groups. She particularly enjoys sports and competitive games. I know she was justly proud of the recent winning performance of our Girls Football team where she was the only Year 5 member. I hope she is equally proud of this well deserved award—great job Maddie!
