

Ryarsh Primary School

RYARSH AWARD FOR EXCELLENCE

William K

Koala Class

It is with great pleasure that we award our excellence award for this term to William as he is truly starting to excel in all areas of school life. This has been down to a combination of hard work, perseverance and risk taking.

William's work ethic has always been great but what has really impressed us recently has been the way he is really trying to go beyond the already high expectations placed on him. Through his determined approach, he has been able to produce some fantastic pieces of work which showcase a high level of learning. As a result of his increasing perseverance and risk taking, William has been able to take himself out of his comfort zone and create work of a very high standard, especially in maths where he is getting better at reasoning and problem solving through using and applying his excellent maths knowledge.

It has also been great to see him develop an increasing interest in English. He has done really well in our recent script writing unit to create, develop, edit and publish a script which was then performed to our school community. Despite it being much out of character, he made a very good mischievous goblin!

William's conduct around the school makes him a great role model for the rest of the class as well as the whole school community. We are certain that even his brother would agree that William's approach to school is absolutely first class.

We are sure that he will continue to have a fantastic year and go on to achieve some fantastic things during his time at Ryarsh Primary School. We are really proud of you William. I'm sure the rest of Koala class are really proud to have you in our class.

Signed - Mrs Crozier and Mr Childs
