

Ryarsh Primary School

RYARSH AWARD FOR EXCELLENCE

Isla

Orang-utan Class

Wow! What a wonderful term Isla has had! She should be very proud of all that she has achieved through her dedication, hard-work and positive attitude. She is a great pupil, class mate and friend.

Isla has really grown in confidence this year which has helped her to achieve so much in her school work. She will always listen to help and advice given to her in order to do her best; Isla puts in 100% to ensure that she always 'gets it!' and is often very proud of her work and will bring it to me in order to (quietly) show it off! In order to progress she listens well in class, engages in discussions and has the maturity to reflect on her work in order to make improvements.

In class Isla has a great attitude to her learning and is a valued member of any group which she is part of, as well as being a fabulous partner during paired work. She has a calm and caring disposition which means that she listens to others and always respects their ideas. Her dedication has meant that she has enjoyed some great results in her learning; this was particularly clear in her work on her new species : The Woodland Tree Bug

Also Isla has worked incredibly hard on her maths work; she has shown perseverance in order to develop her understanding in lots of different topics. I know that Mrs Austin has also been very impressed with all of her hard work. Isla continues to be a great role-model for other children in the school; her behaviour is always exemplary. She takes her roles and responsibilities seriously; not only is she a great buddy but she has done a fantastic job of leading reading sessions and being a House Leader. This award is very well deserved; it has been a pleasure to teach Isla this year and I look forward to seeing her continue to flourish and blossom over the next 2 terms.

Signed - Mrs Hale
