

Orang-utan Class Newsletter

Term 6

Dear Parents/Carers,

Wow! What a busy term this has been and how it has flown by! The children have all worked very hard and embarked on their SATs test with such a positive attitude (which was noticed by many members of the school) well done to all of Orang-utan Class! We have also completed a unit of work based on the story Snow White in New York; again all of the children worked very hard on this and produced some great instructions, report writing and pieces of art work. The highlight of this term has to be the children creating the mocktails which they had designed - they were all rather spectacular!

Next term will be an even busier time with so many exciting things to look forward to.

Sports Day is planned for the third week, year 6 have started to think about their Leavers' Race and have lots of exciting ideas.

We also have our trip to Devon which will be the focus of our topic work for before and after the trip.

And not forgetting the Year 6 performance; the children have started to learn the songs and we will be putting these together with the script which the children have started to write.

Next term we will also be covering the next stage in Sex and Relationships (more information to follow).

SPELLINGS: in term 6 the spelling focus will be on recapping words from the year 6 spelling list. We will have a different selection of words each week and will continue to use a variety of methods to learn them.

- **PE:** We will be having outside PE every **Monday (outdoor kit will be essential this term)** and indoor PE every **Thursday**, but we would ask that your child has all their PE kit in school each day as the timetable can change due to the weather and other unforeseen circumstances. (PE kits should include a change of socks, especially for girls who are wearing tights!)

Thank you for your continuing support and I hope that you all have an enjoyable break.

Best wishes,
Claire Hale

Key Areas of Study for Term 6

MATHS	Reviewing and revising: number, shape and space, measures and fractions. Developing investigative skills to include predictions and conclusions	ART / DT	Still life through painting
ENGLISH	Short stories Writing based around Devon	PSHE	Sex and Relationships Moving on
