

## '97% Plus' Attendance Prize Draw

Celebrating success is a central principle of our Attendance policy and this year we are introducing a new '97% plus' attendance draw three times per year. This reward will be given at the end of the Autumn, Spring and Summer terms, when all of our children with attendance at or above 97% for that period will go into a special prize draw. The prize will be a family prize of a £50 Bluewater voucher, provided by our PTFA. This prize will be awarded for the first time at the end of this term.

Following suggestions and feedback from parents and governors, we have designed this award to recognise all children's attendance which is at or above our whole school target of 97%. Additionally, children who have a care plan for ongoing medical needs which result in absence from school will also be considered for this award, even if their attendance falls below 97% due to this absence. We hope that the prize will be one for the whole family to enjoy, recognising parental support in ensuring high levels of attendance.

This new attendance draw is in addition to our current rewards for children for 100% attendance, which we give six times per year.

We will announce the winner of the '97% plus' attendance prize draw in the last week of term.

Please continue to contact us if you have any queries or concerns about school attendance.
