

Ryarsh Primary School

RYARSH AWARD FOR EXCELLENCE

Amelia

Koala Class

Whilst selecting the excellence award for a member of Koala class is always a challenging task, there was one person who we agreed upon very quickly this term. We are both absolutely delighted to be giving this award for Excellence to Amelia. It is really hard to try and summarise on just one page all the ways in which Amelia deserves this award, but we shall give it our best shot! Above all, Amelia is kind, compassionate and always brings a sparkle to our day in Koala class. She has a readiness to learn, and arrives into the classroom with a smile on her face every single day without fail.

In maths, Amelia demonstrates a great growth mindset. She is not afraid to work hard and will always ask if she has found something tricky. She has shown great perseverance with her weekly tables challenge and recently this has really paid off and has seen her move up the mountain! She has become more confident at taking those little risks with her learning and we really want her to carry on with this.

In English, Amelia has produced some extremely creative writing this term, both with her poetry and her story. She was able to really show a natural flair with language to create some creative and powerful pieces of writing that truly wowed us all! Amelia is great at realising that her first idea may not always be her best idea and constantly strives for ways to improve her work. She finds great joy in finding combinations of words that interest and intrigue the reader. We have to mention Amelia's drama work! Amelia has an incredible range of facial expressions and whilst we have certainly seen many of them this year during various drama tasks, we are sure this is probably just the tip of the iceberg when it comes to Amelia's drama talents!

Amelia is a super friend and is often selfless in the way she plays and talks to her friends. We have noticed that she will often change her playground games so other people can join in and if anyone is hurt or sad, she will try and comfort them. Amelia always puts the needs of others before herself. She does not do it to seek any kind of reward. She does it because she cares so very much about how happy other people are. We hope that this excellent award shows Amelia just how lucky we are to have her in Koala class and how much we all appreciate her wonderful ways. Well done Amelia, we can't wait to share the second half of the year with you. Thank you for being you!

Signed - Mrs Crozier & Mr Childs
