## RYARSH AWARD FOR EXCELLENCE

# William B

## Dolphin Class

The time has come to award one of our amazing dolphins for being super excellent. When thinking of the recipient, Mrs Wildish and I had a tricky decision as all of dolphin class are fabulous but we eventually settled on our very own superhero.

William has settled into dolphin life exceptionally well. He comes into school quietly every morning, without a single fuss, puts all of his things in the correct place and is on the carpet building things before we even know he is here – we think he might be The Flash in disguise!

William shares many traits with a superhero:

He is courageous – never letting anything beat him.

A fighting spirit – he always tries hard and never says, "I can't do it."

Extraordinary skills – William can build anything you ask for out of Lego... cars, rockets, fire engines!

When working, William always gives 100% and has the most wonderful imagination. He is becoming super confident with reading and writing his phonics sounds and has a fantastic memory for retelling stories we have read.

Every day, William has the most wonderful smile on his face and he never fails to brighten up our day.

William, we are very proud of you and cannot wait to see how you zoom through your learning this year as only The Flash could!
