## RYARSH AWARD FOR EXCELLENCE

# Evie

### Dolphin class

This term, Mrs Wildish and I had another tricky decision to make – which super Dolphin do we award for being excellent! The choice was a tough one but we both agreed that Evie brightens up our day from the moment she enters the room.

Upon starting in Dolphin class, Evie was incredibly shy – not even wanting to say good morning during the register! In just a few months, she has become so much more confident in all areas which makes us all smile from ear to ear. She is always sitting nicely on the carpet and is ready to learn at all times. Evie engages in paired talk and will happily give her ideas and opinions to her peers.

Evie always has a smile on her face – she brings sunshine and rainbows each day to Dolphin class, with the class even calling her Evie Rainbow!

Evie loves to draw and will always make her pictures bright and colourful. If we find a picture which includes a rainbow, we know exactly who has drawn it! With her writing, Evie is trying super hard and is beginning to write sentences without any help. Evie will never say she cannot do something, she will always give it a go and tries her best each and every time she completes work with an adult.

In all areas, Evie is becoming very independent—she will rarely ask for help (even with getting changed for PE!) and is always happy to help others.

Evie has a very cheeky sense of humour and will happily chat with an adult—telling us a silly story and giggling. She is becoming more confident with the other children in Dolphin Class—we even caught her reading a lovely story to her friends in the book corner and they couldn't take their eyes off of her!

Evie is a complete superstar and we cannot wait to see what the rest of the year in Dolphin class brings – we know it will include more rainbows!
