

Ryarsh Primary School

## RYARSH AWARD FOR EXCELLENCE

# Mia

### Orang-utan Class

This term's Excellence Award was actually very easy to choose, purely because our winner has continued to be purely excellent! Throughout the term, Mia has continued to stand out and impress all the adults in year 6; not just with her outstanding dedication to her learning, but also in demonstrating all of the Ryarsh School values.

Throughout the term it has been clear how hard Mia has been trying in all areas of her learning. Her writing has become an absolute pleasure to read, taking so much care and pride in her presentation, spelling and content. Her dedication to daily reading really is amazing and what a role model she has become in our class! Everyday, without fail, her reading record book is filled in, even weekends and half terms! This commitment has seen Mia's progress in reading, with her fluency, comprehension and expression blossom. Mia has also wowed us in our maths learning with her superb 'I can attitude!' She can often be seen at the end of the lesson bursting with pride and can't wait to share how confidently she has grasped a new concept. She will even be caught going above and beyond to push herself to complete the tricky challenge, and year 6 maths can sometimes be a very tricky challenge! Mia even commented that she has received more Head Teacher's awards in year 6 than she has her whole time at Ryarsh, what a wonderful achievement!

Our worthy winner doesn't just stop impressing when in the classroom, she continues to be a standout Ryarsh pupil throughout her entire school day and evenings. She does so much additional learning outside of school; she even researched Viking hair dos so that she could wear her hair in the style of a Viking for our topic day. Mia is often seen playing with and taking care of the younger children during her break times and lunch times, and we can see how much they love her too! Her manners are impeccable and she greets everyone with her lovely smile. Mia's softly spoken nature and kind words means she really is a friend to all and you certainly make mine and Mrs Taplin's morning with your cheery greetings every day. Mia will always be the first to offer help to complete any jobs in and around the classroom.

Thank you Mia, for trying so hard and for being such a ray of happiness and smiles in year 6. We could not be prouder of you and cannot wait to see how much you can achieve this year!
