Dear Parents

Annual Parent Survey – ‘forward thinking for a brighter future’

At Ryarsh we are proud of our school in many different ways and have a culture of continual improvement. To help us with this, we are launching our 2019 parent survey and would like to invite you to take part.

Our parent survey is an important way of gathering your views and we do make changes as a result of these. For example, following last year’s survey we made improvements to school meals, including the option to pre-order jacket potatoes to improve choice for our children.

Please go to www.surveymonkey.co.uk/r/ryarsh to complete the 2019 parent survey. Your responses are anonymous and will be read by the school’s leadership team.

You may like to complete your survey while you are in school next week for our parents’ consultations. We will have laptops and ipads available at the school office or in the bookbase for you to use.

We hope that you will be able to complete the survey online, either in school or at home, but if you require a paper copy you can request one from the school office. The deadline for completion of the survey is Sunday 17th March.

If you can, please take some time to complete the survey – your responses will help to shape the future direction of our school. Many thanks for sharing your views and we look forward to reading your responses.

Yours sincerely

Ruth Austin
