

RYARSH AWARD FOR EXCELLENCE

Amber

Leopard Class

This term's Excellence Award goes to a worthy winner – somebody who has really blossomed this year and has worked hard to achieve some fantastic results. Amber has been incredibly dedicated to her learning this term and has put 100% into every lesson.

Each day Amber comes into school with a warm and friendly smile and greeting; she spreads a little sunshine as she enters the school and Leopard Class. Each day she comes to school with an, 'I can', attitude and a, 'what am I going to achieve today?' frame of mind. She will often bring in extra learning, ideas and work from home in order to support her classwork. This demonstrates her independence and positive attitude; Amber consistently shows our Ryarsh School values in and around the school. She is growing in confidence, shows pride in herself and her achievements and has great manners.

Amber has a great Growth Mindset and uses this to develop her learning, and to ensure that she is always moving forward. This was seen in her work on Shakespeare; she thoroughly enjoyed getting to grips with learning Macbeth, confidently joining in with our production and drama work, and writing a fantastic narrative piece. Amber particularly enjoyed practising some Shakespearian insults to aid her writing! She was also a great asset to our class assembly where she spoke and performed clearly and with expression and enthusiasm.

Throughout her work in maths she has concentrated and applied herself in order to develop her skills; when marking Amber's work, I have let out a few 'WOW's! She has begun to think and then think again in order to really deepen her understanding.

Amber has worked hard in all lessons, she is enthusiastic and works well as a pair, in small groups and individually. This is also true in PE lessons whereby she tries her best and is a great team member. She is a real pleasure to have as a member of Leopard Class.

Keep up the hard work and positive attitude Amber. I look forward to seeing how you continue to grow and further blossom throughout the year.
