

Ryarsh Primary School

RYARSH AWARD FOR EXCELLENCE

Daniella-Mae

Orang-utan Class

The adults in Orang-utan class can not quite believe how quickly it has come around to choosing another Excellence Award winner. Again, like always, it was such a tricky decision because of how fantastic learning in year 6 is. However, when Mrs Taplin, Miss Lucas and I began to think about who has continuously shown excellence this term, one name really did stand out, and it really is with such pride that we are awarding Daniella with the Excellence Award today.

Daniella's dedication to her learning has been admirable this year; since arriving in year 6 Daniella has continued to grow in confidence in all areas of the curriculum. Her incredible 'I can' mindset means that she approaches any challenge with eagerness and resilience. She asks for help when she needs it and often exclaims, quite loudly, when she has made a mistake laughing away to herself and correcting her errors. She embraces any feedback from her friends and adults to continually move her learning forward and takes such pride in her achievements– and rightly so, what you can now do Daniella is truly amazing!

Daniella is also so incredibly polite and helpful and is often completing jobs around the classroom before adults have even asked. She has certainly made Mrs Morris' life much easier this term by helping out wherever she can. Not only is it in the classroom that Daniella makes a superb impression, it is also on the play ground. Daniella is such a great friend to all, she is the first on hand to comfort and support anyone feeling sad and can often be seen on the playground playing and helping the younger children. It is clear that they love you too, Daniella.

Every morning, without fail, Daniella bounds into the classroom, wearing the biggest smile and giving us the cheeriest good morning, and she continues to beam throughout the day. Her dedication to daily reading has been inspirational and has worked her way through many of Mrs Hales' books just this term alone. Her laugh is infectious and she often has us all giggling away, particularly when she has an attack of the hiccups. We are so very proud of Daniella, you really are a very worthy winner!

Signed - Mrs Morris
