RYARSH AWARD FOR EXCELLENCE

Adam L

Leopard Class

An Excellence Award for Term 1 of Year Five has proved to be an incredibly difficult decision. There have been many moments this term, from so many children, which have not only demonstrated the standard expected of a Year Five child, but also the resilience, determination and positivity required as we returned from Lockdown. But Mrs Carrington, Mrs Parker and myself have chosen a person who has presented this attitude each and every day, and has continued to put a smile on all of our faces with his curiosity, kindness and hardworking attitude.

It has been an amazing term for Adam, who has shown himself to be imaginative, responsible and optimistic, approaching every task and challenge with a smile and a theory! He explains his ideas carefully and confidently, and always wants to know more. His thirst for knowledge is inspiring and often leads to some very thought-provoking discussions. Adam always strives to give his very best, and this has shown itself in some excellent pieces of work of which he should be proud of.

Each day, Adam enters the Pod with a smile, his positive energy brightens up everyone's morning, as he settles down to his morning task without any fuss or distraction. He thinks carefully about the tasks presented to him and will always complete them to the best of his ability.

His confidence in Maths and English has continued to develop over the last seven weeks, and it is always a pleasure to read his writing and see his creativity spill out onto his page. Throughout our Reading lessons, Adam has been very reflective and has made some excellent theories based on the evidence provided to him within the text. He is focused when completing his learning and enjoys partaking in class discussions, where he can share his viewpoint in a polite and respectful manner.

I know that this term is just the start of what will be an incredible year for Adam, and we cannot wait to see where it takes him next.
