

Ryarsh Primary School

## RYARSH AWARD FOR EXCELLENCE

# Max

## Dolphin Class

This term's Excellence Award was a tricky one to choose as each and every child in Dolphin Class had reasons as to why it could be them receiving it. In the end, we decided on the much deserving, super polite Max!

Ever since starting in Dolphin Class, Max has had the most wonderful manners, always saying please and thank you and being the first every day to say good morning when he comes into school—even if we have a little chat first, he will always follow it up with a good morning as he walks through the doors!

As soon as he gets into school, Max is ready to learn and has made an incredible amount of progress throughout the year. This in part, is due to the amazing learning he did throughout the period of home learning – we even stole some of his Mummies creative learning ideas and used them in class too, much to Max's amusement! The tricky word obstacle course will forever be a favourite in the classroom! Max is always proud of his work and is becoming increasingly independent, especially with his writing. As soon as he comes into the classroom, he has his whiteboard ready and will be drawing and writing away. Max's reading is also amazing, and he will often tell us that when he reads at home, Mummy and Daddy are very impressed! In phonics, he can always think of words including our sound of the day and will happily show us his learning, whether it be reading the new words or writing them into silly sentences.

During his play, Max uses his imagination well and is always making the most fabulous games with his friends – whether it is a Batmobile using the wooden blocks, a pirate ship for cats with a plank to walk over the water or being a cat in the home corner! Whatever the game, Max is fully engaged and having a wondrous time—so much so, that he will often attract many children to come and play the games he has created. He is very well liked by all of the children in Dolphin class and is always incredibly kind and considerate.

It has been an absolute pleasure to teach Max in his first year in Dolphin class, he has brought a smile to both the children's and teachers faces every day with his amazing positive attitude and cheeky sense of humour. We cannot wait to see what Max achieves in term 6 and beyond. Max, you are a superstar!
