RYARSH AWARD FOR EXCELLENCE

Oliver L

Lion Class

It has been a wonderful term to end our time in Lion Class. Every single lion has worked extremely hard this term, which has made this decision even harder to make. However, the Lion Class team have all agreed that one child has stood out this term for their kindness and positive attitude to learning.

This young man always comes into class with a positive attitude and the biggest smile on his face. Since the beginning of the year, he has matured into a respectful and conscientious young man. He consistently shows lovely manners towards his peers and adults around the school. It has been amazing to see him build new friendships this year and play with a mixture of children on the playground.

All the adults in the class are so proud of this young man and how hard he has worked on his presentation. He takes great pride in his work and ensures that every single piece of work is completed to the best of his ability. Now every time I open his books, I instantly get a big smile on my face! His handwriting has come on leaps and bounds over the last term, which has made his writing even more enjoyable to read.

Without any hesitation, Oliver always gives 110% into everything that he does. He is very eager to take part in whole class discussions, especially during our Guided Reading sessions, where he shows enthusiasm when sharing his understanding of the story. It has been wonderful to see his love for reading grow. He has also demonstrated great determination with his timestables, as he continues to practice regularly and is well on his way up the Timestable Mountain.

Thank you for being a pleasure to teach and well done for achieving this Excellence award! You should be extremely proud of yourself and I cannot wait to hear about all of your achievements in Year 4.

Signed - Miss Foxell
